## HOMEWORLD

With more than a reminiscent hint of the grand old days of *Battlestar Galactica*, *Homeworld* takes you to a battleground amidst the stars, as you combat through a 3D universe. Combining the strategy of *Command & Conquer* with the dog fights of *X-Wing*, this game actually creates a new genre. With truly gobsmacking spacecraft designs and some great weapon effects, *Homeworld* is a real must for strategy and action enthusiasts alike. 'No matter what else you can say about *Homeworld*, it's absolutely stunning.' – PC Gamer.

## FLY!

Jump into the cockpit of one of five aircraft, from a single prop to a business-class jet, and get ready for the most realistic flight experience your computer can deliver. Ideal for both novice and pro pilots alike, *Fly!* will have everyone grappling their joysticks with glee. A civilian flight sim that is as exciting to behold as it is to try, *Fly!* features ultra-real cockpit and avionics systems, and a worldwide digital elevation-terrain model that looks as real as it feels. 'Fly! screams freshness from the start.' – PC Zone.
